

Institutional goals are assessed on a 4 point scale (4= exemplary, 3 = proficient, 2 = minimal, 1= unacceptable). Each department/program determines the courses and specific assignments where these goals are to be assessed. Assessments is done by course instructors using Institutional Goal Rubrics in the Canvas Learning Management System. The data collected from all programs is aggregated to calculate a score for each Institutional Goal. The Rubrics were created by the Institutional Assessment Committee comprised of faculty and faculty administrators.

Key: GS = Graduate School; SAS =School of Arts & Sciences; SOS = School of Online Studies
