

# EAST WING CLASSROOM PROJECT

---

“What has been consistent from day one is that our school is built on the firm foundation of Jesus Christ. Jesus is the center of Crown and we put all our hope and trust in him. That was the truth in 1916 and it’s the truth today. The Lord is doing above and beyond what we can ever imagine at our school right now. May we all continue to live lives on this sure foundation of Jesus Christ.”

---

DR. ANDREW DENTON; PRESIDENT

**Crown College is committed to preparing Christians to serve and influence the world.** We are excited to have our next project be the East Wing Classroom Remodel. During the summer of 2023, Crown College was able to complete the remodel of the West Wing of Classrooms. Our desire is to complete the East wing during the summer of 2024.

AS A SUPPORTER OF THIS PROJECT,  
YOUR INVESTMENT WILL

## **transform + prepare future boldly Christian leaders**

“As we pursue a distinctly Christian approach to academic excellence, we are thankful for our dedicated faculty, experts in their fields, who invest in students’ lives. We pray for continued innovative teaching spaces, enabling students to flourish in their intellectual and vocational growth, to the glory of God.”

**Chris W. Mathews,**  
*Vice President of  
Academic Affairs*

“I currently teach two sections of the same class, and the hyflex layout has proven highly beneficial. In the new classrooms, I can teach from any location with multiple screens, offering students the advantage of unobstructed notetaking. They appreciate the flexibility to rearrange desks, saving time during transitions and accommodating diverse learning styles. This adaptability fosters a more interactive and engaging classroom environment, making hyflex classrooms worth the investment. Even after 75 minutes they still want to learn!”

**Emma Bondy,**  
*Assistant Professor  
of Communication*

## ENHANCEMENT GOALS

Our goal is to raise \$1,700,000 to cover the costs of the remodel, this includes:

- › New Windows
- › Carpetering
- › Technological upgrades
- › New ceilings and HVAC
- › Classroom furniture
- › Lounge area for students

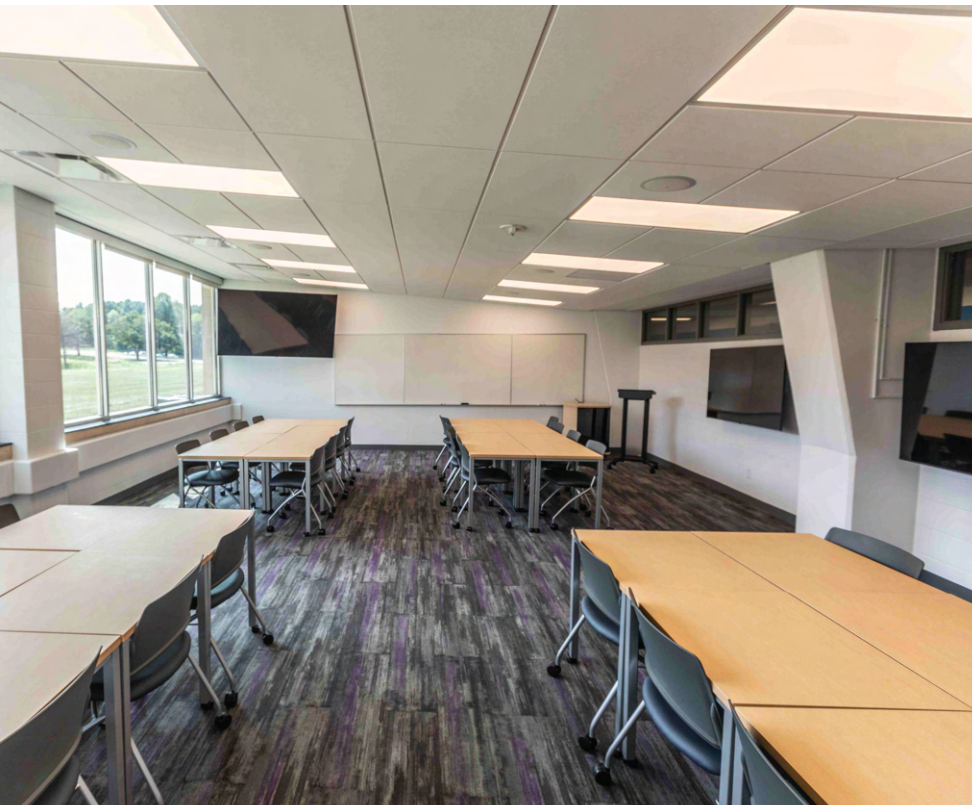

## REQUEST

We ask that you prayerfully consider a gift in support of the East Wing Classroom Remodel! We are grateful for your consideration, continued support, and prayers for Crown College.
