Grants and Scholarships
Grants and scholarships do not need to be repaid. Institutional scholarships and grants from Crown College require full-time attendance (12 or more credits/semester), continuous full-time enrollment, maintaining cumulative GPA renewal requirements and Satisfactory Academic Progress (SAP) requirements (see college catalogue for details regarding SAP).

Federal Scholarships and Grants
Federal Pell Grants and Supplemental Education Opportunity Grants (FSEOG) are awarded to undergraduate students based on financial need as determined by the Free Application for Federal Student Aid (FAFSA). Receipt of funding through these programs is contingent upon meeting student eligibility requirements and availability of federal funding.

Minnesota State Grant
Minnesota State Grant funding is determined by the state of Minnesota and is subject to change. Your State Grant is initially calculated based on enrollment of 15 credits per semester. Students who enroll for fewer credits will have their State Grant adjusted once actual enrollment is confirmed.

State Grants are limited to students who have not yet attended eight full-time semesters of postsecondary education or the equivalent, and students who have not received a baccalaureate degree.

Work Study Eligibility
Work study and other on-campus jobs are listed at www.collegecentral.com/crown. Even if work study is not listed on your award notification, you can apply for an on-campus job. Foodservice requires an application through A’viands. Student wages are paid directly to the student via paycheck or direct deposit and should not be deducted when calculating the amount due to the College. Crown College cannot guarantee a student’s employment or earnings.

Loans
The loans listed on your award notification are federal student loans and may not cover your total bill. Additional loan options include PLUS and private alternative loans. See the Loan Information Sheet or http://studentaid.ed.gov/types/loans for more information on borrowing.

Changes in Enrollment Status and Withdrawal
Students who adjust their credit levels or withdraw from Crown College during a semester are subject to a recalculation of their financial aid. All students considering changing their credit levels or withdrawing should consult with the Financial Aid Office. Crown College follows federal and state regulations to adjust for changes in enrollment and returns funds to programs as dictated by refund policies. If a student withdraws from Crown College after receiving a refund check, the student may be required to repay all or a portion of the refund amount back to Crown College.

Special Circumstances
Special circumstances may be taken into consideration when awarding or re-evaluating a student’s financial aid package. Examples of extenuating circumstances would be recent unemployment or change in employment, medical or dental expenses not covered by insurance, and one time (non-recurring) income. Families should complete and submit the Special Circumstances Form to request a review of their individual situation.

Communication
All correspondence from the Financial Aid Office is e-mailed. This information has deadlines, so it is essential for students to check their Crown College e-mail daily.
