

ABOUT US

Crown is a fully accredited college that offers quality academics, convenient online options, and a boldy Christian environment.

PSEO OPTIONS

Crown is excited to offer Post-Secondary Enrollment Options (PSEO) to qualified CREO students. PSEO is a Minnesota program that allows 11th and 12th-grade students to enroll in free college courses that earn them credits simultaneously for both their high school diploma and college degree.

Students take classes in a hybrid format in which Crown's online instructor partners with a teacher from CREO. The courses have a low student to instructor ratio. All PSEO students are supported by a dedicated PSEO academic advisor.

SCHOLARSHIPS

Scholarships are available to students who attended Crown as PSEO students and then enroll as full-time first-year students the following academic year. The maximum amount of this renewable scholarship is \$2,000 per year if attending on campus.

Students may also qualify for additional aid. Students must demonstrate financial need as determined by the FAFSA. Students enrolling in the School of Online Studies are eligible for a 25% off tuition scholarship.

APPLICATION INFO

- Students must have a minimum 3.0 high school GPA
- No standardized tests are required for admission
- The tuition and books are FREE for Minnesota students
- Application Deadlines:
 - August 1st
 - December 1st

To apply, students must complete and submit the following:

- An online Crown application
- A MN Dept. of Education form
- An official high school transcript

Scan to Apply

Continuing students do not need to re-apply

**CROWN
COLLEGE**

DEM 1231 Basics in First Aid (1 Cr)

This course provides the knowledge and skill need for injury and illness recognition, first aid care and accident prevention. Students who successfully complete this course will receive American Heart Association Certification in Community First Aid, AED and CPR.

ENG 1510 Writing and Research (3 Cr)

This course emphasizes the fundamentals of effective writing in the context of the elements of rhetoric: writer, audience, and purpose. Students write narrative, informative, and persuasive compositions and a documented research paper. This course is equivalent to:

ENG 131

HIS 1510 World Civilizations (3 Cr)

This course provides an introduction to physical and cultural geography by exploring pressing global issues related to spatial interconnections. Using the lens of geography, we will uncover how global interconnections and geographical interdependence shape the world as we know it. We will further understand how individual actions at the local scale have social, cultural, and religious environmental impacts around the world.

LAN 255 Spanish I (4 Cr)

This course introduces the student to the sounds, basic vocabulary, and structures of the Spanish language through listening, speaking, reading and writing, and beginning awareness of the cultural context of the language. Communicative skills are reinforced through practice in integrated laboratory activities.

MAT 131 College Algebra (3 Cr)

This course provides a short review of Algebra II, followed by a concise study of algebraic, polynomial, exponential and logarithmic functions and their graphs. Linear, quadratic and systems of equations are included, along with their applications. This course provides a foundation for students wishing to take calculus. Prerequisite: High School Algebra II

MAT 2431 Calculus Part I (2 Cr)

This course is the first of a two-part series that covers the first semester of college calculus as defined by Crown College (MAT 243 - Calculus I). Students must take both parts to get credit for Calculus I. Following a review of limits, functions, and trigonometry, derivatives are studied in depth exploring linear, power, and implicit functions. Applications of the derivative are explored including related rates, rates of change, curve sketching, and optimization. Not to be taken in addition to MAT 243. Prerequisite: MAT 131 or high school Pre-Calculus

SCI 2451 Chemistry Part I (2 Cr)

This course is the first of a two-part series that covers the first semester of college chemistry as defined by Crown College (SCI 245 - General Chemistry I). Students must take both parts to get credit for General Chemistry I. Topics include measurements, atomic structure, chemical reactions, stoichiometry, electronic structure, and periodicity of elements. College level laboratory work includes the use of spreadsheets, keeping a scientific notebook writing a formal laboratory report. Prerequisite: MAT 131 or MAT 243 or two years of high school Algebra (including Algebra II) or a math ACT score of at least 20 or a math SAT score of at least 480.

SOC 1510 College Success Strategies (3 Cr)

This course is designed to provide information that is foundational to college academic success and personal, social, and spiritual growth. Topics are focused in four areas: college-level academic skills, life management skills, relationship issues, and personal spiritual development.

How To Register

[Our.Crown.edu](https://our.crown.edu)

Registration for fall semester
will open on April 25, 2025

- Upon acceptance, you will receive a detailed email with instructions on how to activate your Crown account
- Log into [Our.Crown.Edu](https://our.crown.edu) using your Crown username & password
- If you have trouble logging in, your password may need to be updated. If so, please email me to request a Password Reset Link
- Click on the blue icon Register for Classes
- Scroll down to the Add/Drop box and select Add/Drop Courses
- In Term, change the dropdown to 2025/26 Arts & Sciences Fall
- Click on Complete the Registration Agreement – respond with a Yes or No, then Submit
- Click on Add by Course Code.
 - In the text boxes: Type the course codes for the classes you want to register for.
- Select Add Course(s).
- Select Request Advisor's Approval
- Your PSEO Advisor will automatically approve your courses.

Spring Semester 2026

Jan 14-May 15

BUS 130 Concepts of Personal Finance (3 Cr)

A practical study of what Scripture says about financial stewardship, tithing, giving, investing, and the use of debt. Students will develop personal budgets and financial goals. Discussion will also include the use of various types of credit and insurance. This course cannot be taken in addition to FIN 210 - Personal Financial Planning. This course is equivalent to: FIN 210

ENG 1512 Introduction to Literary Analysis (3 Cr)

Continued instruction and practice in writing and the writing process are the focal points of this course, with emphasis on critical analysis of literary genres. This course is equivalent to: ENG 132

LAN 256 Spanish II (4 Cr)

This builds on the work of Spanish I as an introduction to the sounds, vocabulary, and structures of the Spanish language through listening, speaking, reading and writing as well as awareness of the cultural context of the language. Communicative skills are reinforced through practice in integrated laboratory activities. Prerequisite: LAN 255 or consent of the instructor

MAT 1410 Pre-Calculus (3 Cr)

This course covers concepts that are foundational for calculus. Topics include trigonometry, analytic geometry, probability, vectors, sequences and series. Students will also be introduced to the topic of limits. Prerequisite: MAT 131

MAT 2432 Calculus Part 2 (2 Cr)

This course is the second of a two-part series that covers the first semester of college Calculus as defined by Crown College (MAT 243 - Calculus I). Students must take both parts to get credit for Calculus I. Integration is introduced including work with the definite integral and integral applications. Inverse functions and their derivatives, including exponential, logarithmic and inverse trigonometric functions are also covered. Not to be taken in addition to MAT 243. Prerequisite: MAT 243I

PHI 232 Intro to Philosophy (3 Cr)

A systematic approach is used in the analysis of philosophical problems. The course will examine and evaluate alternative solutions to classic philosophical issues, including the existence of God, the problem of evil, and the nature of knowledge.

SCI 2452 Chemistry Part 2 (2 Cr)

This course is the second of a two-part series that covers the first semester of college chemistry as defined by Crown College (SCI 245 - General Chemistry I). Students must take both parts to get credit for General Chemistry I. Topics include thermochemistry, chemical bonding, molecular geometry, the properties of gases, acids, bases, and pH. College level laboratory work includes the use of spreadsheets, keeping a scientific notebook writing a formal laboratory report. This course may not be taken in addition to SCI 245 - General Chemistry I.
